

## Testimony:

On Christmas Day in the first year in high school, my classmate said to take me to a show, and only when we arrived at the destination did I know that I was going to church. His family was all Christians, and his parents were serving in the choir. This is my First contact with the church. The second time I went to church was to attend a friend's wedding, and I didn't know Christianity at that time.

I came to the United States for 16 years. In my chats with my friends they always mentioned church. I also wanted to visit the church, and my friend introduced me to this church. I was worried at that time. They said the pastor speaks Mandarin. We made the time on Sunday, and he took me to worship. After that, when I have time, I will come to the worship.

During the epidemic, I encountered a lot of troublesome things. I always prayed at this time. The pastor also led the brothers and sisters to pray for me and my family. I thanked and praised the Lord, kept me safe, and setbacks and difficulties are all tests that God has given me. God gave me the patience to face all setbacks, I no longer worry, anxiety, thank the Lord for taking control of my life and changing my attitude and behavior.

In the days when I came to this big family, the pastor's explanations and the testimony of brothers and sisters moved me and made me understand that the Bible is God's revelation. I also understand that all people in the world have sinned and fall short of God's glory. Through the blood of Jesus Christ on the cross, our sins are washed away, and through the blood of Jesus Christ on the cross, can we be reconciled to God and have the hope of eternal life. I have decided to trust the Lord Jesus Christ and accept the Lord Jesus Christ as the Lord of my life and in control of everything, Amen!
